

## SDSU CEAL HEALTHY LONGEVITY WEBINAR SERIES

# AGING WITH PRIDE: NAVIGATING NEURODEGENERATIVE DISEASES IN LGBTQIA+ COMMUNITIES

LGBTQIA+ older adults and their care partners face unique health disparities, particularly in the context of neurodegenerative diseases such as Alzheimer's and Parkinson's. This webinar will explore the intersection of aging, sexual and gender minority status, and caregiving dynamics.

Led by Zander Keig, LCSW, and Dr. Jason Flatt, the session will examine the unique challenges and barriers to care faced by LGBTQIA+ older adults, highlight the complexities within LGBTQIA+ caregiving relationships, and discuss the experiences of both care partners and recipients. Additionally, the webinar will provide strategies for developing inclusive, culturally competent healthcare and support systems that effectively address the needs of LGBTQIA+ individuals and their caregivers.

**JUNE 12, 2025**  
**2:00 PM - 3:00 PM (PST)**
