REACHER TECHNOLOGIES

**Join CEAL for its newest webinar series: CEAL Tech Talks, where innovation meets compassion!**

Our first webinar will highlight three organizations, whose products are helping to make caregiving more manageable. From smart devices to digital platforms, these innovations are reshaping how we support older adults and their caregivers.

Don't miss this opportunity to explore real-world solutions that make caregiving more connected, efficient, and human-centered.

**Wednesday,  
November 5  
11 am - Noon**
