

The SDSU Age-Friendly University Steering Committee is looking for members!

Are you passionate about creating an inclusive environment for students of all ages?

The purpose of the AFU Steering Committee is to cultivate a campus, where individuals of all ages feel welcome in the SDSU community while promoting the 10 Principles of the Age-Friendly University.

What We're Looking For:

- Students, faculty or SDSU staff, who are ready to champion the Age-Friendly movement
- Dedicated individuals, who can commit to help plan events and promote AFU initiatives
- Diverse voices and perspectives that can help highlight strengths and challenges faced by non-traditional aged staff & students.

Being a part of the AFU Committee is your chance to share your voice and ideas. The Committee meets once monthly and is a year-long commitment.

Interested?

Please email the AFU Point of Contact: Jocelyn Smith at jsmith20@sdus.edu
